

Special Year 2018 in Analysis

Mathematical Sciences Institute, Australian National University

18 - 23 MARCH 2018

ANU/AMSI Workshop on
Microlocal analysis and its applications
in spectral theory, dynamical systems, inverse problems, and PDE

ORGANISING COMMITTEE

Andrew Hassell, Australian National University
Jesse Gell-Redman, University of Melbourne
Yaiza Canzani, University of North Carolina
Gabriel Rivière, University of Lille

VENUE

NRMA Murrarmarang Beachfront Nature
Resort South Durras, NSW, Australia

Microlocal analysis is an extremely active contemporary research topic. Although initially developed as a tool to solve linear partial differential equations, its influence is increasingly felt in a diverse range of fields, including dynamical systems, inverse problems and nonlinear PDE. This workshop is an opportunity for experts to share their latest advances, and plan new collaborations.
