Sponsorship of the 2024 Pacific Rim Conference on Mathematics

The Australian National University's Mathematical Science Institute seeks your support with sponsorship for the **Pacific Rim Conference on Mathematics (PRCM)** that will be held at the **Darwin Convention Centre on 17th – 21st of June 2024**.

The first PRCM event was held in 1998 in Hong Kong and then in Taipei (2001), Shanghai (2005), Hong Kong (2007), Stanford (2010), Tokyo (2013), Seoul (2016) and Berkely (2020, held online). The PRCM consortium recognises that the Pacific Rim regions are not only economically vibrant, but also becoming increasingly important in scientific and technological research.

The PRCM will attract over 200 international delegates from more than a dozen of countries facing the Pacific and will bring together a diverse group of professionals, academics and experts.

This effort will engage scientific communities in the Pacific, strengthen collaborations and forge new ones, and will build a sense of community and belonging in our region. The PRCM will place Australia, at the centre of these activities and will attract the attention of Australian and international media.

Hosting a conference of this magnitude involves significant costs, including venue rental, catering, marketing and logistics. We are therefore seeking sponsorship from our partners to help us cover these costs and make the conference a success.

Your support as a partner would be instrumental in ensuring that we can provide our attendees with an enriching and meaningful experience. Your contribution will be acknowledged through various means, such as marketing and promotional materials, including the conference website, social media and printed brochures. We can also offer additional branding and networking opportunities, depending on your level of sponsorship.

Your sponsorship will help us support the travel and accommodation of graduate students and distinguished researchers presenting their work at the conference:

- Plenary speakers
- Invited Speakers
- Grants to Research Student to support some of their travel and/or accommodation

We are offering the following four sponsorship packages:

1. Bronze Sponsorship \$10,000

1. Recognition as a Bronze Sponsor on conference materials, including the conference program and website
2. Logo placement on the conference website
3. Acknowledgement in conference opening remarks

2. Silver Sponsorship \$10,000 to \$20,000

1. Recognition as a Silver Sponsor on conference materials, including the conference program and website
2. Logo placement on the conference website
3. Acknowledgement in conference opening remarks
One complimentary conference registration
4. Opportunity to place promotional materials in conference attendee packets

3. Gold Sponsorship \$20,000 to \$30,000

1. Recognition as a Gold Sponsor on conference materials, including the conference program and website
2. Logo placement on the conference website
3. Acknowledgement in conference opening remarks
4. Two complimentary conference registrations
5. Opportunity to place promotional materials in conference attendee packets
6. Exhibit space in the conference exhibit hall

4. Platinum Sponsorship \$30,000+

1. Recognition as a Platinum Sponsor on conference materials, including the conference program and website
2. Logo placement on the conference website
3. Acknowledgement in conference opening remarks
4. Three complimentary conference registrations
5. Opportunity to place promotional materials in conference attendee packets
6. Exhibit space in the conference exhibit hall
7. Recognition as the sponsor of a specific conference event such as the opening reception or keynote speaker
8. Speaker opportunity

I would be happy to discuss this opportunity with you further and answer any questions that you may have. Thank you for your consideration, and I look forward to hearing from you soon.

Yours sincerely,

Professor Lilia Ferrario

Director, Mathematical Sciences Institute
The Australian National University
Canberra, ACT 2601 Australia
